

## Values and Ethos

### **Mission Statement**

Wheatley Nursery School respects all children as individuals. We provide a safe, secure and stimulating environment which encourages children to value themselves and others by celebrating difference and diversity.

Our children will take with them a strong set of practical, educational, social and emotional life skills and a sense of personal achievement and pride in their school and community.

After consulting with Parents and Stakeholders we have defined Wheatley Nursery Schools Values and Ethos. The final result is.....

<b>C</b>	Collaborative: supportive and friendly
<b>O</b>	Opportunities: which are wide and varied
<b>R</b>	Resilience: through wonder and engagement
<b>N</b>	Nurturing: safe and secure to make mistakes

Our Values and Ethos represent young children growing, developing and changing over time, their end is not fixed. They also link to the local Farming community in South Oxfordshire.

### **We will do this by:**

<b>Staff</b>	Will get to know children, find out how they learn best and adapt the curriculum to maximise their early learning experiences to provide foundations for life.
<b>Governors</b>	Will respond to national research and monitor and strategically plan for school development responding to the needs of the cohorts.
<b>Parents</b>	Will work in collaboration with the Nursery to support and develop their children as early learners in school and at home.
<b>Pupils</b>	Will show enthusiasm and a love of learning and build strong relationships with staff and peers.

**Strap line - Together we learn.** To be incorporated into the new logo design
