

John Watson School

**Wheatley Nursery School** 

# Code of Conduct

# For staff to promote safe working practice for all adults who work with children and young people

The Federated Governing Body of John Watson and Wheatley Nursery Schools have adopted the model policy of Oxfordshire County Council.

Signed by Chair of Governors.

Date: November 2021 Review date: November 2023

This policy will be reviewed as per the review schedule set by the Governing body or in accordance with policy updates issued by Oxfordshire County Council (whichever is sooner).

### Guidance on Code of Conduct for Employers, Staff and Volunteers working with Children and Young People

based on the Guidance for Safer Working Practice for Adults who work with Children and Young People by:

Reviewed and updated – June 2020 by Becky Langstone Education Safeguarding Advisory, ESAT

## Section 1: Overview 1.1. Background

All adults who come into contact with children and young people in their work have a duty of care to safeguard and promote their welfare.

The Children Act 1989 and 2004, places a duty on organisations to safeguard and promote the well-being of children and young people. This includes the need to ensure that all adults who work with or on behalf of children and young people in these organisations are competent, confident and safe to do so.

In schools the requirement for a Code of Conduct for staff became mandatory following new safeguarding guidance "Keeping Children Safe in Education" in April 2029. The vast majority of adults who work with children act professionally and aim to provide a safe and supportive environment which secures the well-being and very best outcomes for children and young people in their care. However, it is recognised that in this area of work tensions and misunderstandings can occur. It is here that the behaviour of adults can give rise to allegations of abuse being made against them. Allegations may be malicious or misplaced. They may arise from differing perceptions of the same event, but when they occur, they are inevitably distressing and difficult for all concerned. Equally, it must be recognised that some allegations will be genuine and there are adults who will deliberately seek out, create or exploit opportunities to abuse children. It is therefore essential that all possible steps are taken to safeguard children and young people and ensure that the adults working with them are safe to do so.

This document has been produced by a team of individuals from various backgrounds who are knowledgeable about allegation procedures and the circumstances in which allegations might arise and provides practical guidance for anyone who works with, or on behalf of children and young people regardless of their role, responsibilities or status. It seeks to ensure that the duty to promote and safeguard the wellbeing of children is in part, achieved by raising awareness of illegal, unsafe and inappropriate behaviours. This document also constitutes a code of conduct and can be used as part of staff induction.

Whilst every attempt has been made to cover a wide range of situations, it is recognised that this guidance cannot cover all eventualities. There may be times when professional judgments are made in situations not covered by this document, or which directly contravene the guidance given by their employer. It is expected that in these circumstances' adults will always advise their senior colleagues of the justification for any such action already taken or proposed.

It is also recognised that not all adults who work with children and young people work as paid or contracted employees. The principles and guidance outlined in this document still apply and should be followed by all adults whose work brings them into contact with children and young people, whether volunteers, governors or others in contact with children.

The guidance contained in this document has due regard to current legislation and statutory guidance.

#### 1.2. What to do if you are worried a child is being abused

Everyone working with children and young people should be familiar with local procedures and protocols for safeguarding the welfare of children and young people. Adults have a duty to report any child protection or welfare concerns to a designated member of staff in their organisation and/or report any concerns to the local social care office.

#### Section 2: Using the Guidance

#### 2.1. Status of Document

This document acts as a code of conduct and to form part of every induction process. It will not replace or take priority over additional codes of conduct produced by organisations

This is a generic document that should complement existing professional procedures, protocols and guidance which relate to specific roles, responsibilities or professional practices.

#### 2.2. Purpose of Guidance

It is important that all adults working with children understand that the nature of their work and the responsibilities related to it, place them in a position of trust. This practice guidance provides clear advice on appropriate and safe behaviours for all adults working with children in paid or unpaid capacities, in all settings and in all contexts. The guidance aims to:

• Keep children safe by clarifying which behaviours constitute safe practice and which behaviours should be avoided;

• Assist adults working with children to work safely and responsibly and to monitor their own standards and practice;

• Support managers and employers in setting clear expectations of behaviour and/or codes of practice relevant to the services being provided;

• Support employers in giving a clear message that unlawful or unsafe behaviour is unacceptable and that, where appropriate, disciplinary or legal action will be taken;

• Support safer recruitment practice;

- Minimise the risk of misplaced or malicious allegations made against adults who work with children and young people;
- Reduce the incidence of positions of trust being abused or misused.
- Fulfill requirements as a code of conduct and act as part of staff induction.

Employers should be familiar with, and know how to access, their Local Safeguarding Children's Board's policy and procedures for managing allegations against staff. (See "Keeping Children Safe in Education" 2020 DFE)

#### 2.3. Underpinning Principles

• The welfare of the child is paramount.

• It is the responsibility of all adults to safeguard and promote the welfare of children and young people. This responsibility extends to a duty of care for those adults employed, commissioned or contracted to work with children and young people.

• Adults who work with children are responsible for their own actions and behaviour and should avoid any conduct which would lead any reasonable person to question their motivation and intentions.

• Adults should work and be seen to work, in an open and transparent way. The same professional standards should always be applied regardless of culture, disability, gender, language, racial origin, religious belief and/or sexual identity.

• Adults should continually monitor and review their practice and ensure they follow the guidance contained in this document.

#### 2.4. Definitions

**Children and Young People:** Throughout this document references are made to "children and young people". These terms are interchangeable and refer to children who have not yet reached their 18' birthday. This guidance, however, also has value for those working with vulnerable adults.

**Adults:** References to 'adults' or 'volunteers' refer to any adult who is employed, commissioned or contracted to work with or on behalf of, children and young people, in either a paid or unpaid capacity.

**Manager**: The term 'manager' refers to those adults who have responsibility for managing services including the supervision of employees and/or volunteers at any level.

**Employer:** The term 'employer' refers to the organisation which employs, or contracts to use the services of individuals in pursuit of the goals of that organisation. In the context of this document, the term 'employer' is also taken to include 'employing' the unpaid services of volunteers.

**Safeguarding:** Process of protecting children from abuse or neglect, preventing impairment of their health and development, and ensuring they are growing up in circumstances consistent with the provision of safe and effective care that enables children to have optimum life chances and enter adulthood successfully.

**Duty of Care:** The duty which rests upon an individual or organisation to ensure that all reasonable steps are taken to ensure the safety of a child or young person involved in any activity or interaction for which that individual or organisation is responsible. Any person in charge of or working with children and young people in any capacity is considered, both legally and morally to owe them a duty of care.

#### 2.5. How to Use the Document

This document is relevant to both individuals and organisations working with or on behalf of children and young people. Where an individual works independently and does not work as part of an organisation references made to the 'senior manager' should be taken to refer to parents or those with parenting responsibilities

Each section provides general guidance about a particular aspect of work undertaken with children and young people with, in the right hand column, specific guidance about which behaviours should be avoided and which are recommended. Some organisations may need to adapt or add to the guidance to meet their specific practices or contexts, the document has however, been written for a generic audience and most, if not all of the content, is applicable to all adults who work with children and young people. The diagram in Appendix 1 illustrates how the guidance could be used as a basis for developing specific agency guidance. Appendix 2 provides a visual framework for understanding how the document fits with safer recruitment and selection and procedures and those which relate to disciplinary proceedings.

Organisations and settings who provide services for children and young people should use this guidance to develop and promote safer working practice by ensuring that all employees and volunteers are made aware of its contents and have access to it. Schools must use this or an attendance code of conduct.

Incorporating the use of this document in recruitment and selection processes will help to prevent and deter unsuitable people from working with children and young people. Providing employees and volunteers with clear guidance on appointment and revisiting this through induction, supervision, performance management, training programs etc., will also help to ensure a safer children's workforce. Employers and managers will be better placed to deal with unsuitable or inappropriate behaviour if their expectations have been made clear and reinforced throughout a person's employment and there is evidence that this has been done.

Individuals should follow this guidance in their day to day practice. It should also be referred to when taking on new work, different duties or additional responsibilities.

#### Guidance for Safe Working Practice

#### Section 3:

<b>1. Introduction</b> Adults have a crucial role to play in the lives of children. This guidance has been produced to help them establish the safest possible learning and working environments which safeguard children and reduce the risk of them being falsely accused of improper or unprofessional conduct.	<i>This means that these guidelines:</i> • apply to all adults working in Education and Early Years settings whatever their position, role or responsibilities
<b>2. Status of document</b> This document is endorsed and recommended by the Safer Recruitment Consortium. It should inform and assist employers to develop and review their guidelines on safer working practices. It may be used as reference by managers and Local Authority Designated Officers (the 'Designated Officer or DO1) when responding to allegations made against staff in education settings. This is not statutory guidance.	
<b>3. Responsibilities</b> Staff are accountable for the way in which they: exercise authority; manage risk; use resources; and safeguard children. All staff have a responsibility to keep pupils safe and to protect them from abuse (sexual, physical and emotional), neglect and contextual safeguarding concerns. Pupils have a right to be safe and to be treated with respect and dignity. It follows that trusted adults are expected to take reasonable steps to ensure their safety and well-being. Failure to do so may be regarded as professional misconduct. The safeguarding culture of a school is, in part, exercised through the development of respectful, caring and professional relationships between adults	This means that managers / proprietors/ governing bodies should: • ensure that appropriate safeguarding and child protection policies and procedures are distributed, adopted, implemented and monitored • update or amend their CP policy and other safeguarding policies in the light of DfE guidance on safeguarding children during the COVID pandemic • ensure that if there is no trained DSL on site, a senior member of staff is identified to lead on safeguarding issues This means that staff should:
and pupils and behaviour by the adult that demonstrates integrity, maturity and good judgement. The public, local authorities, employers and parents/carers will have expectations about the nature of professional involvement in the lives of children. When individuals accept a role working in an education setting they should understand and acknowledge the responsibilities and trust involved in that role.	<ul> <li>understand the responsibilities which are part of their employment or role, and be aware that sanctions will be applied if these provisions are breached</li> <li>understand how to raise a concern and contact designated staff or partner agencies if they have a concern about a child, particularly if the normal arrangements have been amended</li> </ul>

	OXFORDSHIRE COUNTY COUNCIL
Employers have duties towards their employees and others under Health and Safety legislation which requires them to take steps to provide a safe working environment for staff. Legislation also imposes a duty on employees to take care of themselves and anyone else who may be affected by their actions or failings. An employer's Health and Safety duties and the adults'	<ul> <li>always act, and be seen to act, in the child's best interests</li> <li>avoid any conduct which would lead any reasonable person to question their motivation and intentions</li> <li>take responsibility for their own actions and behaviour</li> </ul>
responsibilities towards children should not conflict. Safe practice can be demonstrated through the use and implementation of these guidelines.	<ul> <li>This means that employers should:</li> <li>promote a culture of openness and support</li> <li>ensure that systems are in place for concerns to be raised</li> <li>ensure that adults are not placed in situations which render them particularly vulnerable</li> </ul>
	<ul> <li>ensure that all adults are aware of expectations, policies and procedures</li> </ul>
4. Making professional judgements	This means that where no specific
This guidance cannot provide a complete checklist of what is, or is not, appropriate behaviour for staff. It does highlight however, behaviour which is illegal, inappropriate or inadvisable. There will be rare occasions and circumstances in which staff have to make decisions or take action in the best interest of a pupil which could contravene this guidance or where no guidance exists. Individuals are expected to make judgements about their behaviour in order to secure the best interests and welfare of the pupils in their charge and, in so doing, will be seen to be acting reasonably. These judgements should always be recorded and shared with a manager. Adults should always consider whether their actions are warranted, proportionate, safe and applied equitably.	<ul> <li>guidance exists staff should:</li> <li>discuss the circumstances that informed their action, or their proposed action, with their line manager or, where appropriate, the school's designated safeguarding lead. This will help to ensure that the safest practices are employed and reduce the risk of actions being misinterpreted</li> <li>always discuss any misunderstanding, accidents or threats with the Head teacher or designated safeguarding lead</li> <li>always record discussions and actions taken with their justifications</li> <li>record any areas of disagreement and, if necessary, refer to another agency / the LA / Ofsted / TRA / other Regulatory Body</li> </ul>
<ul> <li>5. Power and positions of trust and authority As a result of their knowledge, position and/or the authority invested in their role, all those working with children in a school or education setting are in a position of trust in relation to all pupils on the roll. The relationship between a person working with a child/ren is one in which the adult has a position of power or influence. It is vital for adults to understand this power; that the relationship cannot be one between equals and the responsibility they must exercise as a consequence. The potential for exploitation and harm of vulnerable pupils means that adults have a responsibility to ensure that an unequal balance of power is not used</li></ul>	<ul> <li>This means that staff should not:</li> <li>use their position to gain access to information for their own advantage and/or a pupil's or family's detriment</li> <li>use their power to intimidate, threaten, coerce or undermine pupils</li> <li>use their status and standing to form or promote relationships with pupils which are of a sexual nature, or which may become so</li> </ul>

for personal advantage or gratification. Staff should always maintain appropriate professional manager. This is as relevant in the online world as it is in the classroom; staff engaging with pupils and / or parentis online have a responsibility to model safe practice at all times. See also addendum section 24a. Where a person aged 18 or over is in a position of trust with a child under 18, it is an offence1 for that persone of that child, or to cause or incite that child to engage in or watch sexual activity. <b>6. Confidentiality</b> <b>7. Confidential at all times and only shared when considering should apply. <b>7. Staff</b> should apply. <b>7. Staff</b> should apply. <b>7. Staff</b> should apply <b>7. 	and agreed by more than one member of
Similarly, it is inadvisable to give such personal gifts to	
	staff
pupils or their families. This could be interpreted as a	staff

	OXFORDSHIRE COUNTY COUNCIL
Any reward given to a pupil should be in accordance with agreed practice, consistent with the school or setting's behaviour policy, recorded and not based on favouritism. Adults should exercise care when selecting children for specific activities, jobs or privileges in order to avoid perceptions of favouritism or injustice. Similar care should be exercised when pupils are excluded from an activity. Methods of selection and exclusion should always be subject to clear, fair, agreed criteria. <b>10. Infatuations and 'crushes'</b> All staff need to recognise that it is not uncommon for pupils to be strongly attracted to a member of staff and/or develop a 'crush' or infatuation. They should	This means that staff should: • report any indications (verbal, written or physical) that suggest a pupil may be infatuated with a member of staff
make every effort to ensure that their own behaviour cannot be brought into question, does not appear to encourage this and be aware that such infatuations may carry a risk of their words or actions being misinterpreted. Any member of staff who receives a report, overhears something, or otherwise notices any sign, however small or seemingly insignificant, that a young person has become or may be becoming infatuated with either themselves or a colleague, should immediately report this to the headteacher or most senior	<ul> <li>always maintain professional boundaries This means that senior managers should:</li> <li>put action plans in place where concerns are brought to their attention</li> </ul>
manager3. In this way appropriate early intervention can be taken which can prevent escalation and avoid hurt, embarrassment or distress for those concerned. The headteacher (or senior manager) should give careful thought to those circumstances where the staff member, pupil and their parents/carers should be spoken to and should ensure a plan to manage the situation is put in place. This plan should respond sensitively to the child and staff member and maintain the dignity of all. This plan should involve all parties,	

	OXFORDSHIRE COUNTY COUNCIL
Staff should recognise that some types of social contact with pupils or their families could be perceived as harmful or exerting inappropriate influence on children and may bring the setting into disrepute (e.g. attending a political protest, circulating propaganda). If a pupil or parent seeks to establish social contact, or if this occurs coincidentally, the member of staff should exercise her/his professional judgement. This also applies to social contacts made through outside interests or the staff member's own family. Some staff may, as part of their professional role, be required to support a parent or carer. If that person comes to depend upon the staff member or seeks support outside of their professional role this should be discussed with senior management and where necessary referrals made to the appropriate support agency.	• inform senior management of any requests or arrangements where parents wish to use their services outside of the workplace e.g. babysitting, tutoring
12. Communication with children (including the use of technology) See also addendum section 24a.	
13. Physical contact	This means that staff should:
There are occasions when it is entirely appropriate and proper for staff to have physical contact with children, however, it is crucial that they only do so in ways appropriate to their professional role and in relation to the pupil's individual needs and any agreed care plan. Not all children feel comfortable about certain types of physical contact; this should be recognised and, wherever possible, adults should seek the pupil's permission before initiating contact and be sensitive to any signs that they may be uncomfortable or embarrassed. Staff should acknowledge that some pupils are more comfortable with touch than others and/or may be more comfortable with touch from some adults than others. Staff should listen, observe and take note of the child's reaction or feelings and, so far as is possible, use a level of contact and/or form of communication which is acceptable to the pupil. It is not possible to be specific about the appropriateness of each physical contact, since an action that is appropriate with one pupil, in one set of circumstances, may be inappropriate in another, or with a different child. Any physical contact should be in response to the child's needs at the time, of limited duration and appropriate to their age, stage of development,	<ul> <li>be aware that even well-intentioned physical contact may be misconstrued by the pupil, an observer or any person to whom this action is described</li> <li>never touch a pupil in a way which may be considered indecent</li> <li>always be prepared to explain actions and accept that all physical contact be open to scrutiny</li> <li>never indulge in horseplay or fun fights</li> <li>always allow/encourage pupils, where able, to undertake self-care tasks independently</li> <li>ensure the way they offer comfort to a distressed pupil is age appropriate</li> <li>establish the preferences of pupils</li> <li>consider alternatives, where it is anticipated that a pupil might misinterpret or be uncomfortable with physical contact</li> <li>always explain to the pupil the reason why contact is necessary and what form that contact will take</li> <li>report and record situations which may give rise to concern</li> </ul>

	<b>OXFORDSHIRE</b>

Local Authority Designated Officer (the DO).	<ul> <li>provide staff, on a 'need to know' basis,</li> </ul>
Extra caution may be required where it is known that	with relevant information about
a child has suffered previous abuse or neglect. Staff	vulnerable children in their care
need to be aware that the child may associate physical	
contact with such experiences. They also should recognise that these pupils may seek out	
inappropriate physical contact. In such circumstances	
staff should deter the child sensitively and help them	
to understand the importance of personal boundaries.	
A general culture of 'safe touch' should be adopted,	
where appropriate, to the individual requirements of	
each child. Pupils with special educational needs or	
disabilities may require more physical contact to assist	
their everyday learning. The arrangements should be	
understood and agreed by all concerned, justified in	
terms of the pupil's needs, consistently applied and	
open to scrutiny.	
14. Other activities that require physical contact	This means that staff should:
In certain curriculum areas, such as PE, drama or	<ul> <li>treat pupils with dignity and respect</li> </ul>
music, staff may need to initiate some physical	and avoid contact with intimate parts of
contact with children, for example, to demonstrate	the body

and visiting staff from other schools should not	announce their intention of entering
undertake care procedures without appropriate	<ul> <li>always consider the supervision needs</li> </ul>
training.	of the pupils and only remain in the room
	where their needs require this

	OXFORDSHIRE COUNTY COUNCIL
Pupils are entitled to respect and privacy at all times and especially when in a state of undress, including, for example, when changing, toileting and showering. However, there needs to be an appropriate level of supervision in order to safeguard pupils, satisfy health and safety considerations and ensure that bullying or teasing does not occur. This supervision should be appropriate to the needs and age of the children concerned and sensitive to the potential for embarrassment.	This means that adults should not: • change or toilet in the presence or sight of pupils • shower with pupils • allow any adult to assist with intimate or personal care without confirmation from senior leaders that the individual is not barred from working in regulated activity • assist with intimate or personal care tasks which the pupil is able to undertake independently
<ul> <li>16 Behaviour management</li> <li>Corporal punishment and smacking are unlawful in all schools and education settings.</li> <li>Staff should not use any form of degrading or humiliating treatment to punish a child. The use of sarcasm, demeaning or insensitive comments towards children is completely unacceptable.</li> <li>Where pupils display difficult or challenging behaviour, adults should follow the school's or setting's behaviour and discipline policy using strategies appropriate to the circumstance and situation.</li> <li>Where a pupil has specific needs in respect of particularly challenging behaviour, a positive handling plan, including assessment of risk, should be drawn up and agreed by all parties, including, for example, a medical officer where appropriate.</li> <li>Senior managers should ensure that the establishment's behaviour policy includes clear guidance about the use of isolation and seclusion. The legislation on these strategies is complex and staff should take extreme care to avoid any practice that could be viewed as unlawful, a breach of the pupil's human rights and/or false imprisonment.</li> </ul>	<ul> <li>This means that staff should:</li> <li>not use force as a form of punishment</li> <li>try to defuse situations before they escalate e.g. by distraction</li> <li>keep parents informed of any sanctions or behaviour management techniques used</li> <li>be mindful of and sensitive to factors both inside and outside of the school or setting which may impact on a pupil's behaviour</li> <li>follow the establishment's behaviour management policy</li> <li>behave as a role model</li> <li>avoid shouting at children other than as a warning in an emergency/safety situation</li> <li>refer to national and local policy and guidance regarding Restrictive Physical Intervention (RPI)</li> <li>be aware of the legislation and potential risks associated with the use of isolation and seclusion</li> <li>comply with legislation and guidance in</li> </ul>
	relation to human rights and restriction of liberty
<b>17. The use of control and physical intervention</b> Early years providers must take all reasonable steps to ensure that corporal punishment is not given by any person who cares for or is in regular contact with a child, or by any person living or working in the premises where care is provided. A person will not be taken to have used corporal punishment if the action was taken for reasons that include averting an immediate danger of personal injury to, or an	This means that education settings should: • ensure that they have a lawful physical intervention policy consistent with local and national guidance • regularly acquaint staff with policy and guidance • ensure that staff are provided with appropriate training and support

	<b>OXFORDSHIRE</b>
	COUNTY COUNCIL
immediate danger of death of, any person including	<ul> <li>have an agreed policy for when and</li> </ul>
the child4.	how physical interventions should be
The law and guidance for schools states that adults	recorded and reported
may reasonably intervene to prevent a child from:	
<ul> <li>committing a criminal offence</li> </ul>	This means that staff should:
<ul> <li>injuring themselves or others</li> </ul>	<ul> <li>adhere to the school or setting's</li> </ul>
<ul> <li>causing damage to property</li> </ul>	physical intervention policy
<ul> <li>engaging in behaviour prejudicial to good order and</li> </ul>	always seek to defuse situations and
to maintain good order and discipline.	avoid the use of physical intervention

Under no circumstances should physical force be used	
as a form of punishment. The use of unwarranted or	
disproportionate physical force is likely to constitute a criminal offence. Where the school or setting judges	
that a child's behaviour presents a serious risk to	
themselves or others, they must always put in place a	
robust risk assessment which is reviewed regularly	
and, where relevant, a physical intervention plan.	
In all cases where physical intervention has taken	
place, it would be good practice to record the incident	
and subsequent actions and report these to a	
manager and the child's parents. (In a children's home	
it is a legal requirement to record such incidents.)	
Similarly, where it can be anticipated that physical	
intervention is likely to be required, a plan should be	
put in place which the pupil and parents/carers are	
aware of and have agreed to. Parental consent does	
not permit settings to use unlawful physical	
intervention or deprive a pupil of their liberty.	
18. Sexual conduct	This means that staff should:
Any sexual behaviour by a member of staff with or	<ul> <li>not have any form of sexual contact</li> </ul>
towards a pupil is unacceptable. It is an offence for a	with a pupil from the school or setting

penetrative and non-penetrative acts, however it also	pupil

	OXFORDSHIRE COUNTY COUNCIL
includes non-contact activities, such as causing pupils to engage in or watch sexual activity or the production of pornographic material. There are occasions when adults embark on a course of behaviour known as 'grooming' where the purpose is to gain the trust of a child, and manipulate the relationship so sexual abuse can take place. All staff should undertake appropriate training so they are fully aware of those behaviours that may constitute 'grooming' and of their responsibility to always report to a senior manager any concerns about the behaviour of a colleague which could indicate that a pupil is being groomed.	• not discuss sexual matters with or in the presence of pupils other than within agreed curriculum content or as part of their recognised job role
<ul> <li>19. One to one situations</li> <li>Staff working in one to one situations with pupils at the setting, including visiting staff from external organisations can be more vulnerable to allegations or complaints.</li> <li>To safeguard both pupils and adults, a risk assessment in relation to the specific nature and implications of one to one work should always be undertaken. Each assessment should take into account the individual needs of each pupil and should be reviewed regularly.</li> </ul>	This means school leaders should: • keep pupil numbers under constant review • ensure that risk assessments and emergency procedures are reviewed in the event of lone working / very small numbers on site • liaise with the LA on suitable alternative provision if the school needs to close due to very low pupil numbers
needs of each pupil and should be reviewed regularly. Arranging to meet with pupils from the school or setting away from the work premises should not be permitted unless the necessity for this is clear and approval is obtained from a senior member of staff, the pupil and their parents/carers. During the current school closures, the DfE suggests that if there is only one vulnerable child or child of a critical worker, the school should consider closing, and liaise with the local authority to identify alternative provision; e.g., at a hub school. If the school must remain open with only one or two children, there should be more than one member of staff to meet fire safety, first aid, supervision and other emergency procedures.	This means that staff should: • work one to one with a child only where absolutely necessary and with the knowledge and consent of senior leaders and parents/carers • be aware of relevant risk assessments, policies and procedures • ensure that wherever possible there is visual access and/or an open door in one to one situations • avoid use of 'engaged' or equivalent signs wherever possible. Such signs may create an opportunity for secrecy or the interpretation of secrecy • always report any situation where a pupil becomes distressed, anxious or angry • consider the needs and circumstances of the pupil involved
<b>20. Home visits</b> All work with pupils and parents should usually be undertaken in the school or setting or other recognised workplace. There are however occasions, in response to an urgent, planned or specific situation or job role, where it is necessary to make one-off or regular home visits.	This means that staff should: • agree the purpose for any home visit with their manager • have a clear understanding of the actions that should be taken if it is believed that a child or parent is at immediate risk of harm, including when to contact emergency services and / or partner agencies

In the current situation, some settings may ask staff to	adhere to agreed risk management

If any of them may require close supervision, then	

	OXFORDSHIRE COUNTY COUNCIL
another adult should travel in the vehicle so that the driver is not distracted or compromised. Staff should not offer lifts to pupils unless the need for this has been agreed by a manager. A designated member of staff should be appointed to plan and provide oversight of all transport arrangements and respond to any concerns that may arise. Wherever possible and practicable it is advisable that transport is undertaken other than in private vehicles and with at least one adult additional to the driver acting as an escort. It is a legal requirement that all passengers wear seatbelts and the driver should ensure that they do so. They should also be aware of and adhere to current legislation regarding the use of car seats / booster seats for younger children. Staff should ensure that their behaviour is safe and that the transport arrangements and the vehicle meet all legal requirements. They should ensure that the vehicle is roadworthy and appropriately insured and that the maximum carrying capacity is not exceeded. Staff should never offer to transport pupils outside of their normal working duties, other than in an emergency or where not doing so would mean the child may be at risk. In these circumstances the matter should be recorded and reported to both their manager and the child's parent(s). The school's health and safety policy and/or educational visits policy should set out the arrangements under which staff may use private vehicles to transport pupils	<ul> <li>which is likely to impair judgement and/ or ability to drive</li> <li>ensure that if they need to be alone with a pupil this is for the minimum time</li> <li>be aware that the safety and welfare of the pupil is their responsibility until this is safely passed over to a parent/carer</li> <li>report the nature of the journey, the route and expected time of arrival in accordance with agreed procedures</li> <li>ensure that their behaviour and all arrangements ensure vehicle, passenger and driver safety. This includes having proper and appropriate insurance for the type of vehicle being driven</li> <li>ensure that any impromptu or emergency arrangements of lifts are recorded and can be justified</li> <li>refer to Local and National guidance for Educational visits</li> <li>This means education settings should: seek evidence that:</li> <li>the vehicle is safe. This means that it holds a valid MOT certificate, where relevant, that the driver certifies it has been serviced in line with the manufacturer's schedule, and that the driver carries out any pre-use checks specified by the manufacturer</li> <li>the driver is suitable. This means that they hold a valid licence for the type of vehicle and meet any employer requirements</li> <li>there is a valid insurance policy covering the driver and the vehicle for</li> </ul>
	<ul><li>the intended use. This may require that</li><li>the driver has 'business use' cover.</li><li>Retain evidence of the above with the</li><li>risk assessment</li></ul>
22. Educational visits Staff responsible for organising educational visits should be familiar with the Department for Education's advice on Health and Safety available at <u>https://www.gov.uk/government/publications/health-</u> <u>and-safety-on-educational-visits9</u> The duties in the Health and Safety at Work etc. Act 1974 and the supporting regulations apply to activities taking place on or off the school premises (including school visits) in Great Britain. All school employers must have a Health and Safety policy. This should	<ul> <li>This means that staff should:</li> <li>adhere to their organisation's educational visits guidance</li> <li>always have another adult present on visits, unless otherwise agreed with senior staff</li> <li>undertake risk assessments</li> <li>have the appropriate consents in place (e.g. medical)</li> <li>ensure that their behaviour remains professional at all times</li> </ul>

	OXFORDSHIRE COUNTY COUNCIL
include policy and procedures for off-site visits,	never share beds with a child/pupil
including residential visits and any school-led	never share bedrooms unless it involves
adventure activities. The Management of Health and	a dormitory situation and the

educational visit, and the measures that should be	educational visits, including
taken to minimise these risks. For regular activities,	exchange visits (both to the UK and
such as taking pupils to a local swimming pool, the	abroad)
risks should be considered under the school's general	
arrangements and a check to make sure that the	
precautions remain suitable is all that is required. For	
annual or infrequent activities, a review of an existing	
assessment may be all that is needed. For new higher-	
risk activities or trips, a specific assessment of the	
significant risks should be carried out.	
Staff should take particular care when supervising	
pupils in the less formal atmosphere of an educational	
visit where a more relaxed discipline or informal dress	
and language code may be acceptable. However, staff	
remain in a position of trust and need to ensure that	
their behaviour cannot be interpreted as seeking to	
establish an inappropriate relationship or friendship. Where out of school or setting activities include	
overnight stays, careful consideration needs to be	
given to sleeping arrangements. Pupils, adults and	
parents should be informed of these prior to the start	
of the trip. In all circumstances, those organising trips	
and outings should pay careful attention to ensuring	
there is a safe staff/child ratio and suitable gender mix	
of staff.	
23. First Aid and medication	This means that education settings

	OXFORDSHIRE COUNTY COUNCIL
Staff whose 'first aid at work' training is about to or has expired since 16th March 2020 should be aware that the HSE has agreed an extension of 3 months for renewal. Depending on the ages of the children accessing the provision, there may need to be at least one person trained in paediatric first aid at all times when children are on site.	<ul> <li>adhere to the school or setting's health and safety and supporting pupils with medical conditions policies</li> <li>make other staff aware of the task being undertaken</li> <li>have regard to pupils' individual healthcare plans</li> <li>always ensure that an appropriate health/risk assessment is undertaken prior to undertaking certain activities</li> <li>explain to the pupil what is happening.</li> <li>always act and be seen to act in the pupil's best interest</li> <li>make a record of all medications administered</li> <li>not work with pupils whilst taking medication unless medical advice</li> </ul>
24a. Use of technology for online / virtual teaching The narrative of section 24 remains relevant. However, there has been a sharp increase in the use of technology for remote learning since March 2020 and this addendum provides some basic guidelines for staff and school leaders. All settings should review their online safety and acceptable use policies and amend these if necessary, ensuring that all staff involved in virtual teaching or the use of technology to contact pupils are briefed on best practice and any temporary changes to policy / procedures. When selecting a platform for online / virtual teaching, settings should satisfy themselves that the provider has an appropriate level of security. Wherever possible, staff should use school devices and contact pupils only via the pupil school email address / log in. This ensures that the setting's filtering and monitoring software is enabled. In deciding whether to provide virtual or online learning for pupils, senior leaders should take into account issues such as accessibility within the family home, the mental health and wellbeing of children, including screen time, the potential for inappropriate behaviour by staff or pupils, staff access to the	<pre>confirms that they are able to do so This means that senior leaders should:</pre>
technology required, etc. Virtual lessons should be timetabled and senior staff, DSL and / or heads of department should be able to drop into any virtual lesson at any time – the online version of entering a classroom. Staff engaging in online learning should display the same standards of dress and conduct that they would in the real world; they should also role model this to	<ul> <li>This means that staff should:</li> <li>adhere to their establishment's policy</li> <li>be fully dressed</li> <li>ensure that a senior member of staff is aware that the online lesson / meeting is taking place and for what purpose</li> </ul>

	OXFORDSHIRE COUNTY COUNCIL
<ul> <li>pupils and parents. The following points should be considered:-</li> <li>think about the background; photos, artwork, identifying features, mirrors – ideally the backing should be blurred</li> <li>staff and pupils should be in living / communal areas – no bedrooms</li> <li>staff and pupils should be fully dressed</li> <li>filters at a child's home may be set at a threshold which is different to the school</li> <li>resources / videos must be age appropriate – the child may not have support immediately to hand at home if they feel distressed or anxious about content</li> </ul>	<ul> <li>avoid one to one situations – request that a parent is present in the room for the duration, or ask a colleague or member of SLT to join the session</li> <li>only record a lesson or online meeting with a pupil where this has been agreed with the head teacher or other senior staff, and the pupil and their parent/carer have given explicit written consent to do so</li> <li>be able to justify images of pupils in their possession</li> <li>This means that adults should not:</li> <li>contact pupils outside the operating times defined by senior leaders</li> <li>take or record images of pupils for their personal use</li> <li>record virtual lessons or meetings using personal equipment (unless agreed and risk assessed by senior staff)</li> </ul>
	<ul> <li>engage online while children are in a state of undress or semi-undress</li> </ul>
<b>25. Exposure to inappropriate images</b> Staff should take extreme care to ensure that children and young people are not exposed, through any medium, to inappropriate or indecent images. There are no circumstances that will justify adults: making, downloading, possessing or distributing indecent images or pseudo-images of children (child abuse images). Accessing these images, whether using the setting's or personal equipment, on or off the premises, or making, storing or disseminating such material is illegal. If indecent images of children are discovered at the establishment or on the school or setting's equipment an immediate referral should be made to the Designated Officer (DO) and the police contacted if relevant. The images/equipment should be secured and there should be no attempt to view or delete the images as this could jeopardise necessary criminal action. If the images are of children known to the school, a referral should also be made to children's social care in line with local arrangements. Under no circumstances should any adult use school or setting equipment to access pornography. Personal equipment containing pornography or links to it should never be brought into or used in the workplace. This will raise serious concerns about the	This means that staff should: • abide by the establishment's acceptable use and e-safety policies • ensure that children cannot be exposed to indecent or inappropriate images • ensure that any films or material shown to children are age appropriate

	Countr council
suitability of the adult to continue working with	
children and young people.	
to continue working with children and young people.	
Staff should keep their passwords confidential and not	
allow unauthorised access to equipment. In the event	
of any indecent images of children or unsuitable	
material being discovered on a device the equipment	
should not be tampered with in any way. It should be	
secured and isolated from the network, and the DO	
contacted without delay. Adults should not attempt to	
investigate the matter or evaluate the material	
themselves as this may lead to a contamination of	
evidence and a possibility that they will be at risk of	
prosecution themselves.	
26. Personal living accommodation including on-site	This means that staff should:
provision	<ul> <li>be vigilant in maintaining their privacy,</li> </ul>
Generally, staff should not invite any pupils into their	including when living in on-site

The overriding consideration should be the	supervision should be avoided wherever
safeguarding of both the pupil and staff; therefore many local authorities, professional associations and	possible.

	OXFORDSHIRE COUNTY COUNCIL
unions do not endorse the practice of staff supervising candidates overnight in their own homes. Some schools employ alternatives such as a 'sleep-over' on the school premises. Where arrangements are made for a staff member to supervise a pupil overnight then all necessary safeguards should be in place.	<ul> <li>as much choice, flexibility and contact with 'the outside world', should be incorporated into any arrangement so far as is consistent with appropriate supervision</li> <li>whenever possible, independent oversight of arrangements should be made,          <ul> <li>any situation which gives rise to complaint, disagreement or misunderstanding should be reported</li> <li>staff should have regard to any local and national guidance</li> </ul> </li> </ul>
28. Curriculum Many areas of the curriculum can include or raise subject matter which is sexually explicit or of a political or sensitive nature. Care should be taken to ensure that resource materials cannot be misinterpreted and clearly relate to the learning outcomes identified by the lesson plan. This can be supported by developing ground rules with pupils to ensure sensitive topics can be discussed in a safe learning environment. This plan should highlight particular areas of risk and sensitivity and care should especially be taken in those areas of the curriculum where usual boundaries or rules are less rigorously applied e.g. drama The curriculum can sometimes include or lead to unplanned discussion about subject matter of a sexually explicit, political or otherwise sensitive nature. Responding to children's questions requires careful judgement and staff should take guidance in these circumstances from the Designated Safeguarding Lead. Care should be taken to comply with the setting's policy on spiritual, moral, social, cultural (SMSC) which should promote fundamental British values and be rigorously reviewed to ensure it is lawful and consistently applied. Staff should also comply at all times with the policy for relationships and sex education (RSE). It should be noted that parents have the right to withdraw their children from all or part of any sex education provided but not from the National Curriculum for Science.	<ul> <li>This means that staff should:</li> <li>have clear written lesson plans</li> <li>take care when encouraging pupils to use self-expression, not to overstep personal and professional boundaries</li> <li>be able to justify all curriculum materials and relate these to clearly identifiable lessons plans.</li> </ul> This means that adults should not: <ul> <li>enter into or encourage inappropriate discussions which may offend or harm others</li> <li>undermine fundamental British values</li> <li>express any prejudicial views</li> <li>attempt to influence or impose their personal values, attitudes or beliefs on pupils</li></ul>
<b>29. Whistleblowing</b> Whistleblowing is the mechanism by which staff can voice their concerns, made in good faith, without fear of repercussion. Education settings should have a clear and accessible whistleblowing policy that meets the terms of the Public Interest Disclosure Act 1998. Staff who use whistle blowing procedures should have their employment rights protected.	<ul> <li>This means that schools and settings should:</li> <li>have a whistleblowing policy in place which is known to all and which has been reviewed / amended in the light of the current pandemic</li> <li>include in the whistleblowing policy how to escalate concerns if they believe that safeguarding arrangements in the</li> </ul>

	OXFORDSHIRE COUNTY COUNCIL
